Dear Mr. Bacon:

InRe: Muddy Creek
District.

I had written my last letter before I received your letter dated April 23, 1928. I appreciate very much the contents of your letter and will advise my people to make an Application to the Judge for the appointment of a Commissioner. When you come down to Emery County, if you do, any service that we can render to you we will be glad to do so.

Yours truly,
